Amino Acids _____	13.0%
TOTAL OTHER INGREDIENTS	64.8%

## PURPOSE STATEMENT:

Bio-D SP benefits include: • increased organic matter in soils • improved seed germination rates • greater root mass • heartier stalks • increased brix levels.

Bio-D SP is a complex of MICROBES, ENZYMES, BIOSTIMULANTS, and a variety of MICROBE FOOD SOURCES designed to enhance the INDIGENOUS PLANT FRIENDLY MICROBIAL POPULATIONS in your soils.

## DIRECTIONS FOR USE:

Bio-D SP can be applied directly to the soil, added to water or liquid fertilizers for in-furrow or broadcast spray application, or applied directly to seed.

**RECOMMENDED APPLICATION RATES:** ROW CROPS: 1.7 oz/acre in-furrow; 3.4 oz/acre broadcast; TURF & FIELD GRASSES: 3.4 to 6.8 oz/acre depending on plant types and soil conditions.

## (STORAGE & HANDLING) FOR BEST RESULTS:

IF CLUMPING EXISTS then break into usable chunks. The products is still usable and will mix readily in water.

### STORE DO NOT BETWEEN USES

between 40° F and 85° F in a dark place protected from direct sunlight or high heat.

allow moisture to come in contact with product that is not being used.

close zip lock seal on the pouch completely and then squeeze all excess air out through the one way valve to avoid clumping.

### DO NOT INHALE.

Use only as directed.

## WARRANTY:

This product is guaranteed to be free of defects of manufacture, production, quality assurance, or other faults for a period of one year after the date of purchase. If this product is found to be defective, then please return it to the distributor where this product was purchased for replacement. This guarantee is void where prohibited and/or if this product has not been stored in accordance with instructions listed above. Due to the many factors that effect crop and turf performance, Key Input Solutions cannot guarantee the effectiveness of this product in use. Any and all warranties or guarantees of this nature are expressly denied.
